Located just 75 miles west of Denver, Colo. in the heart of the Rocky Mountains, Copper Mountain Resort is an ideal vacation destination with a laid-back and inclusive vibe that represents the best of Colorado. Three pedestrian-friendly village areas provide a vibrant atmosphere with lodging, retail outlets, restaurants, bars and family activities. During the winter months, Copper’s naturally-divided terrain offers world-class skiing and riding for all ages and abilities. Each summer, the mountain transforms into an unspoiled playground for hikers, mountain bikers and all those seeking a genuine Colorado experience. Copper Mountain Resort boasts curated events year-round and is home to Woodward Copper – a lifestyle and action sports progression center. Copper Mountain is part of the POWDR Adventure Lifestyle Co. portfolio.

For the 2018/19 ski season, Copper Mountain Resort debuts substantial upgrades that enhance the Copper experience for locals and guests and hold true to its philosophy of representing the best of Colorado. Projects include the new American Eagle and American Flyer chairlifts, a dog-friendly patio bar and restaurant, upgraded parking and bus transportation, and more.

These investments are part of a momentous journey for Copper Mountain Resort and build upon the previous season’s debut of four new dining options, an enhanced beginner experience with a new high-speed chairlift and the addition of a year-round alpine coaster.

This press kit will be updated regularly, however for the most updated information about Copper’s capital projects and development, visit coppercolorado.com.
New American Eagle Combination Lift Improves Access to Copper Mountain’s Naturally-Divided Terrain

The American Eagle lift, a high-speed quad installed in 1989, has been replaced with a high-speed lift that includes a combination of both 6-person chairs and 8-person gondola cabins. The new lift increases uphill capacity by over 40 percent, allowing more skiers and snowboarders access to an abundance of Copper’s intermediate terrain. American Eagle is expected to debut around Thanksgiving.

The Bubble Chair Makes a Comeback in Colorado with New American Flyer Lift

A high-speed 6-person chair with blue bubble enclosures has replaced the high-speed quad known as the American Flyer lift, offering a more comfortable ride and greatly increasing uphill capacity. The new lift primarily serves the easy and intermediate side of the Copper’s unique naturally-divided terrain and also provides expedited access to Copper’s advanced high alpine bowls. American Flyer is expected to debut around Thanksgiving.

New Cobus Fleet Offers More Comfort, Efficiency

Copper remains committed to its environmental efforts with the introduction of new Cobuses to the resort’s transportation fleet. With increased carrying capacity, low floors for easy loading and unloading as well as a reduction on diesel fuel, Cobuses are a welcome addition for guests parking in the resort’s free lots or moving between East, Center and West villages.

Park and Pay on the Lift with Copper’s New Paid Parking System

There’s nothing quite like pulling into Copper Mountain Resort with a fresh coat of snow from the night before, and now access to the slopes is more convenient than ever with a new park and pay system for the 2018-19 ski season. Skiers and riders looking for the freshest tracks on the mountain can simply drive up to a parking spot in any of the resort’s paid lots and either use the convenient kiosk on their way to the lift or use the Passport Parking mobile app while riding up the chair.

Copper Mountain Offers Unlimited Skiing and Riding as Part of the New Ikon Pass

The Ikon Pass is the new standard in season passes, connecting the most iconic mountains across North America, Australia and Japan, delivering authentic, memorable snow adventures. Both the Ikon Base Pass and Ikon Pass offer unlimited access to Copper Mountain starting at $749. For more information, visit www.icopenhik.com.
Downhill Duke’s Elevates the Après Scene at Copper Mountain

At Downhill Duke’s, guests will think that Duke had a lot of friends in Copper’s avalanche dog rescue program – one of the first in the state of Colorado. Unfortunately, he didn’t make the cut as an avalanche rescue dog himself, he just knew how to throw a really good party. With a south-facing patio, visitors can enjoy lunch in the afternoon sunshine over shared plates and live music. The après scene shifts into high gear as guests unbuckle their boots and kick back with a lively libation, or two, and are bound to get on their feet or perhaps the tables as they enjoy a locally-sourced menu around outdoor heaters and fire pits. Downhill Duke’s also invites guests to bring Fido along. The menu features dog-friendly items and a special patio area where furry friends can put up their paws after a hard day of romping in the snow.

Warm Up with Mixology in the Mountains at Toast & Co.

Whether warming up after a cold day on the slopes or cooling off from an après soak in the jacuzzi, guests are invited to elevate their spirits at Toast & Co. with a new mixology course. The course, offered select weekends throughout the season, will have cocktail enthusiasts shaking, stirring, muddling and pairing their favorite spirits with regionally-influenced ingredients to create the perfect seasonal concoction. Participants can expect guided instruction from a local mixologist and expertly curated recipes in the intimate setting of Copper Mountain’s Toast & Co., established in 2017.

Reach Refreshing Terrain with the YETI Colster Club and 10 Barrel Mini Pub

There’s no excuse to leave a pillowy powder day or sunshine-filled bluebird conditions with the new YETI Colster Club - a traveling mug club one must discover before tapping into a refreshing 10 Barrel Brewing Co. beer. The 10 Barrel Mini Pub invites guests and YETI Colster Club members to experience new terrain, attend a mountain-top “Pop-Up Party,” or celebrate a Copper Mountain signature event as it makes it way around Copper Mountain and base area. With a YETI Colster Club membership, beer lovers will get early access to Pop-Up Parties, discounts on 10 Barrel refills and more. Plus, members are always encouraged to bring a friend, because drinking beer outside with the people you love is always more fun.

Bingo & Beers at Ten Mile Tavern

On select Wednesday nights throughout the ski season, visitors are invited to pull up a chair, grab a 10 Barrel Beer and get to know the locals at Bingo & Beers in Ten Mile Tavern. With drink specials and awesome prizes, locals and guests gather ‘round to play games, share ski stories and celebrate the coveted title of Bingo champion.
LOCATION & TRANSPORTATION

Copper Mountain is conveniently located off of Interstate 70 at exit 195. Just 75 miles (or about 2 hours) west of Denver and 20 miles (30 minutes) east of Vail, Copper Mountain is easily accessible from both Denver International Airport (DIA) and Eagle County Airport (EGE). We encourage guests to take advantage of our resort & county transportation options here.
